Request from Camp Koinina

"Camp Koinonia requests the Pacific Northwest District to make a bridge loan to Camp Koinonia of $50,000.00. This is to address a short term cash flow issue until 2027. Camp Koinonia will repay the loan in full on or before August 31, 2027. Camp Koinonia has taken action to reduce costs and will continue to do so as much as possible and still fulfill our mission. Also we are also working to increase our revenue. We are currently developing our 2027 budget and will include the repayment in it. With the expense saving actions and budgeting our income expectations even more conservatively, we feel confident in our financial situation for 2027. Our bookings for 2027 are robust with returning and new groups, plus new inquiries weekly.

Camp had a great season in 2026 with groups very pleased and excited about their experience as shown in feedback we get from each group's leaders and the individuals in the groups.

Kent Verbeck, Board President"
